Gifting That Pays Income

Did you know there are some gift planning options that will pay you income? These types of plans are ideal for supplementing your income, while also potentially providing a tax-saving benefit for the benefit of the School of Social Ecology. The Irvine foundation offers several gift planning options.

GENERALLY, THIS IS HOW THEY WORK

You transfer cash or appreciated assets (such as securities or real estate) to the foundation

You will sell the assets and invest the proceeds to produce income for you or an income beneficiary of your choice

You receive an immediate charitable income tax deduction

You do not pay on any unplanned capital gain tax on the sale of the appreciated asset by the foundation

Depending on the type of plan you choose, you receive a fixed or variable income stream dependent on a term of years or for your lifetime.

You direct the University of Irvine, Irvine foundation to distribute the income to the primary beneficiary, since the term of the gift plan ends.

Faculty News

Issue 127

March 2007

Congratulations and Good Luck to Bryan McDonald - Social Ecology doctoral student, has been named the 2006-07 Tamucor Scholar, joining a distinguished list of scholars created by Justice Stephen T. Tamucor who was appointed in 1991 by Governor Brown to the Orange County Superior Court. Later elevated to the Fourth Appellate District, Justice Tamucor was the first Asian American to sit on the California Court of Appeals and has also served on Justice for the California Supreme Court.

Robert Hillel - A crime,iology, and society graduate student was awarded in 2006 Minority Fellowship from the American Society of Criminology.

Community Outreach Partnership Center (COPC) News

The Community Outreach Partnership Center (COPC) engaged students in a very exciting event for the support of the Center and Student Development Research.

The Center is an integral part of the American Psychological Association (APA), the National Council of Social Work Education (NCSEW), the Western Association for Social Work Education (WASE), and the American Association of University Professors (AAUP). The Center supports the current research needs of students and faculty and provides an environment of collaboration, innovation, and application for the benefit of the community.

The COPC is committed to the development of partnerships and relationships with local community agencies, schools, and organizations to ensure that the needs of the community are met. The COPC is also actively involved in the development of new and innovative programs that address the needs of the community.

The COPC is a research-based center that provides educational and training opportunities for students and faculty in the fields of social work, social psychology, and related disciplines. The COPC is a unique resource for students and faculty who are interested in the study of social work, social psychology, and related disciplines.
